1. PAINT SEALANT

Designed to keep your paintwork as pristine as it was in the showroom, our Paint Sealant Products provides your car with an invisible protective barrier and a high gloss finish.

- It shields the paintwork against the elements, tree sap and pollution.
- Paint sealant is professionally applied by trained technicians.
- It means maintenance is easy – all you have to do is wash the car.

2. INTERIORGARD

Protect and preserve the look and feel of your car's interior with our specially formulated InteriorGard:

- Once applied to your car's fabrics and carpets, the resin based formula will repel spills and stains – making light work of cleaning.
- A protective invisible barrier prevents against marks and reduces friction on fabrics, preserving your interior's look and feel.

3. LEATHERGARD

The perfect product to keep your car's leather in superb condition, our LeatherGard formula has been designed to both clean and protect your car's upholstery without affecting its supple feel:

- LeatherGard helps to preserve, care for and maintain the new look of leather seats.
- It restores and conditions the natural oils within the leather.
- Allows the leather to breathe, which helps to prevent it from drying out and cracking.
- It also protects against any dye which may be transferred from clothing onto your car's interior – which, once protected, will simply clean off.

ALL PEUGEOT PROTECT PRODUCTS ARE COVERED BY A **LIFETIME GUARANTEE***.
